

3 Things you Can Do to Help End Gun Violence

1.) Moms Demand Action is making a new federal push for the **Protecting Domestic Violence and Stalking Victims Act**, (S 1539 & HR 3207), which would close the boyfriend loophole in federal law that allows stalkers and domestic abusers to buy/possess guns simply because they are not married to their victims. Sen. Amy Klobuchar is the sponsor of the senate bill. **Please text ENOUGH to 644-33** and it will connect you with your senators and give you brief talking points. Both senators and representatives are needed to join as co-sponsors!

2.) Tell your federal representative to **vote against this bad legislation**: “Concealed Carry Reciprocity” and a Gun Silencer Measure (within the SHARE act)

3.) Contact these two federal senators to **support them** in their work for **stronger nationalbackground checks**: <https://www.murphy.senate.gov/issues/gun-violence><https://www.cornyn.senate.gov/node/4468>
